## FOREWORD

As I was flying over Sycamore High School, I observed the flag-raising ceremony. Curiosity being one of my greater weaknesses, I buzzed into your school to find out for myself the other various activities, both pleasant and tedious, that go on within Sycamore High School.

I found the members of the faculty and the student body busy as bees performing their daily tasks. I was very much surprised to find that Sycamore High School is operated in much the same manner as my beehive is.

I hope that you will derive as much pleasure from looking and reading through this book, and reliving your experiences, as I did in taking my trip through Sycamore High School.

## DEDICATION

The Senior Class of Sycamore High School dedicates the 1953 Sycamore Log to Mr. James Turner.

Mr. Turner came to Sycamore in 1949, the same year that our Senior Class began their Freshman year.

Through the years at Sycamore, we have found Mr. Turner always willing to help us with our work and our problems. He is our friend, as well as our teacher. Every member of the student body of Sycamore deeply respects and admires him.

## LOOKING AROUND

It was early, and I was sleepy; but I looked around for points of interest and discovered, of all things, behind the bush, the corner stone!

## NOSING AROUND

Nosing around, I found I was not the only one awake. There were boys out by Mrs. Baker's mailbox; there were boys by the front door; and inside on the steps there were girls.

# ADMINISTRATION

As I looked in upon the members of the Parent-Teachers' Association, the Board of Education, and the faculty, I discovered that they have a big role in helping you students of Sycamore develop into useful American citizens. The administrative department of your school is like the worker class in my beehive. We depend on our workers for food, whereas you depend on the members of your administration for the guidance and help which they so freely give.

Mr. Kohankie, Mr. Hoffman, Mr. Shumard, Mr. Reuszer, and Mr. Ferris are taking care of some of the numerous duties necessary for the operation of the school.

## BOARD OF EDUCATION

The members of the Board are trying out the new adding machine, looking over the new mechanical drawing equipment, and checking the new electric range in the Home Economics Department.

Mrs. Lotz, President; Mrs. Owens, Treasurer; Mrs. Sculley, Secretary; and Mrs. Woodward, Vice President, preside at the regular meeting.

## PARENT-TEACHERS' ASSOCIATION

Some of the members take care of refreshments, while others handle two of the projects--the selling of Christmas cards and the burn dressings.

Geel! The teachers are up, too. I'll bet they're sleepy, just as the students are. They seem to be fun loving and mischievous. With such things as the teachers' assembly, Mr. Turner's birthday party, and the Christmas party, I know they have been very busy. As the day unfolds, they show their willingness to give of their time freely to help the students develop socially and academically.

Delores Scull, Pat Slater, Jo-Ann Wilson, Shirley Wells, and Mary Scott practice with a coping saw. Mr. Van Houten sponsors the club.
